NEW PUBLICATIONS.

AN ENGLISH-GREEK LEXICON. By C. D. YONGE. With many new Articles, etc. Edited by HENRY DISSER, LL. D., Professor of Greek in Columbia College. Harper & Brothers.

More than fifteen years ago this work was announced as ready for immediate publication. The stereotype plates had been prepared, and all that was wanting was to put the book to press, for which a few weeks would have sufficed. But in the fire by which the Henore exhibit human was consumed, everything per-Harper establishment was, consumed, everything per-Harper establishment was consumed, experience taining to the book was destroyed. The stereotype plates were melted; every page of copy and proof-sheets was burnt; all the results of the labor of years were swept away in an hour. Author and publishers had to begin their work anew. The result is now before us. This great individual loss is, however, a public gain. In the ne Mr. Yonge had prepared a new edition, corrected and much enlarged; and Professor Drisler was snabled, beside his own additions throughout the body of on Greek Synonyms; 3. An Essay on the Order of Words in Attic Greek Prose, by Professor Charles Short of Co-

styles an Essay, but which is really a book of considera-ble size—is beyond all question the most notable addition signed to its proper place in the works of the authors cited, number fully a thousand, and occupy at least We trust that this Essay, which will contribute already done so much in exalting and refining the most exalted and reflaed nations of the world," will be issued in a separate form. It is a work which no scholar will

exception of a few words indicating natural objects, no word in one language has a precise and absolute equiva-

pressed in many ways. For example: In behalf of, wept tive, as "he will do so for fear," ἀμφί, είς, περί, πρό. And reversely, any Greek preposition in its various significations will in English be expressed by several. Thus, in at, by, for, in, on, over, upon, etc.

The feregoing is but a slight instance of the wide

range of thought required of a lexicographer who under takes to instruct one speaking English how he must express himself in Greek. He must have mastered the precise idea to be conveyed; and then, by a careful study of Greek writers, learn how they have expressed that idea. Again, in every language there are words and phrases peculiar to different classes of writers and all writers; (2.) These wholly poetical; (3.) Those which are technical or colloquial. This, for the first time in an this Lexicon to be in these and in every other respect so thoroughly well-done as to justify far more than the odest statement of Professor Drisler; "The pupil has thus put into his hands all that he requires for composition, except the Syntactical Rules, for which he must consult his Grammar."

THE MONEY MARKET.

SALES AT THE STOCK EXCHANGE.-FIRST CALL,

PETROLEUM AND MINING STOCKS-FIRST BOARD.

The Bank Statement of Saturday has had no effect to put up the rate of interest "on call loans," as money is offered to-day on Governments at 3 to 4 per centper cent. Some of the trust companies pay only 3 per ent, and do not care about taking money at that rate. Our banks have now too much money. On the 7th of June, 1869, the deposits were in the city banks \$190,124,062; on the 11th inst. they were \$30,575,268 in excess of June 7, last year, with \$9,600,000 more of legal tenders. We can ee no reason why money should not be at low rates, on

money market in that city:

Nearly all the banks are ordering currency from New-York, and the receipts from sections in the West are moderate, and it cannot be very long before some per cent of the large amount of currency sent into the interior should find its way back to this center through the channels of trade. With good balances at New-York there is no danger of any very stringent money market for the present, or until Autumn at least.

The gold market is very weak to day, either by the

manipulation of operators or for want of a demand. It s thought by some that bears are in the gold market, for e purpose of becoming bulls in a few days. The quo-

In June, 1869, gold ranged from 1383 to 1393. Thus far this month it has ranged from 1123 to 1143, x difference between the highest figures of June, 1868, and June, 1870, of 24½ per cent. And this has come about in violation of all the prognostications and beautiful theories of our "monetary gymnasties." Let the currency alone, don't "tinker with it." and give the

secretary power to place bonds at a lower rate of interest, and all will be well. The transactions of the Gold Exchange Bank to-day were as follows: Clearances, \$21,706,600; gold balances, \$1,330,958; currency,balances, \$1,521,365. Balances were

arried over free of interest to 1 per cent.

The stock market was about steady, without much variation on the general list from Saturday's prices. The volume of business is comparatively light, and confidence in the increase of railroad receipts appears to be pretty strong. We hear of complaints being made by stockholders in some railways because the reports of the receipts are not given every month. The stockholders think they are entitled to this information We think they are right, and ought to have it. The stocks in the main lines of railway do not rule as high in the Stock Exchange as they did a year ago, and yet, in most cases, their condition is better, and their receipts larger, It is true that our railway progress is unequaled in the world's history, and from lakes to gulf, and from ocean to ocean, our land is becoming a complete net-work of

The returns of the vote in Minnesota on the 31st ult. shows a majority in favor of the late law to give the 500,000 acres of land to the holders of the 7 per cent bonds issued some twelve years ago for \$2,275,000, on which no interest has ever been paid. We do not think the holders of the boads will surrender them to the State and take lands at about one-sixth of the value of the bonds. The

where the 1,626 cattle were considerably mixed, at d were consigned under the following owners, viz.: 20 care for Coon, Mulhall, Thompson, Schuster & Co.; 16 care each to Eisner & Rosenthall and Strahan & Co.; 8 cars to like ey & Co.; 7 cars to Patterson & Co.; 6 cars each to Merritt & Burchard and Burns; 5 cars to E. Loughman; 4 cars each to J. H. Williams and Culver & Co., and 3 cars to Bedford & Kennedy. There were a few fine 7½ sewt., steers sold at 17½c., and some Texans which would not bring 13c. There was a fair demand for fat cattle, but poor went slowly. The "Association" cattle of Coon, Thompson, Schuster, and several Co.'s, were sold, 32 prime Kentucky grades of 8 cwt., at 162/15;c; 22 filinos steers, 6½ 7½ cwt., at 162/16½c. and 181 filinoss, 6½ cwt., at 164c. The 63 Texans were holding at about 13c.

Healey & Co. run out their 155 lit, still-fed steers, 1,000 fb gross, at 14a 15½c.

Eisner, Rosenthall & Hughes sold 155 coarse but tolerably fat 8 cwt. Mo. steers and oxen at 15a 15½c.

Loughman, Thompson, Culver & Co. sold 119 very fine Ohio grades, some of the Hay's feeding, the best cattle yarded here for some weeks, 8½ cwt., and run out at 17a 17ac, tops scaled at latter price, 69 fb per cwt.

T. C. Eastman, for Bedford & Kennedy, 49 good 7½ cwt. Ky, steers, at 16a 21%c.
Merritt & Burchard sold 105 lil. steers, 7 cwt., at an av-

erage of 15jc. H. Westheimer, for Patterson & Co., 136 Ill. cattle at 15 g 154c, on 61 g64 cwt. Culver & Co, run out their 69 well fed 71 cwt. Ill. steers

Culver & Co. run out their 69 well fed 7½ cwt. Ill. steers at 16 ±17c.

J. H. Williams had 60 Ill. steers, verging into oxen, 8½ cwt., sold at 16c., and 49 common 7½ cwt. Ind. cattle, for M. Burns, at 15 ±16c.

The stock was registered: 38 cars to that star of the first magnitude, N. Morris, making itm 1,89s head during the week; 10 cars to Wood & Gillespie, 9 cars to Kahn & Co., 8 cach to P. McCaffrey and E. Waixel, 5 cars to M. B. Doty, and 3 cars to 8. Ulery Trade was rather slow, part of the cattle quite thin, and while very few reached 17c., the Texan tails, with little meat between head and tail, ran down to 10c. Of the Morris cattle, 8ciel & Meyars sold 224 Ill. steers, 65 cwt., at 15 ±16c; 126 of same weight at 15c., and 51 Texans, 700 B gross, at 19c., 55 B per cwt., or about 82 60 cach. F. Samuele sold 138 of 7½ cwt. at 15 ±16c, and 72 at 15 ±15; on 5½ cwt. to 15 ±0. 5 cwt. at 12 ±215c.

The 133 Illinois steers, for Wood & Gillespie, were sold, 25 of 5; cwt. by 8. Ulery at 16 ±10 ±10; cwt., at 15 ±16c.

P. McCaffrey sold his 134 Illinois steers, 6 ±7; cwt., at 15 ±16c.

D. Barnes, for M. B. Doty, 41 Indiana cattle at 15c. on 6; owt., and 51 Kentucky steers, 7; owt., at 16c.
Seigel & Meyers, for C. Kahn & Co., 15; Ohio stillers, 62

I. Waixel had 138 Illinois steers sold at 16c, on 7½ cwt. E. Hurd, for O. B. Dimmick, 69 Texans, 6½ cwt., at 14: 2016c.

The chief talk was what would be left after Alexander's cattle with W. Fitch, Beach & Bray, and perhaps others should leave. The idea appears to be that new lights will spring up and keep the place going with Coney & McPherson, Gillett & Co., &c., left, that is if freights are made the same as on the other roads. The stock of to-day was mostly Alexander's, viz., 42 cars, with 9 cars for Coney & McPherson, 5 for B. W. Gillett & Co., and 2 cars for W. Kefley. Among the Alexander cattle were some very fine animals, such as 12 head, 9½ cwt., sold to P. Lawrie at \$170 each, or 17½c., by W. Fitch, who also sold 65 choice Ohio cattle, 8½ cwt, mostly on the scales, at 17½c., 60 B per cwt.; 66 fat fill. steers, 1½ cwt., at 16½ 17½c., and 51 steers of 6½ cwt., at 15½ 16½c. Beach & Bray sold 122 Ill. cattle, 7½ cwt., fat, at 16½ 17½c., and 81 of 6 and 6½ cwt., at 16½ 17½c. Under the fill of 12c., and 81 of 6 cwt., at 16½ 17½c.

Coney & McPherson sold their 153 Illinois steers, 6½ cwt., at 16½ 17½c.

B. W. Gillett had 51 Ohio steers, 6½ cwt., sold at 15½ 16c; and 37 Illinois, 6½ 77 cwt., at 15½ 16½c.

Trade was very good at these yards, the fine cattle helping along, and prices were not very much lower than last week.

MILCH COWS—The supply is larger at a time when a small number would satisfy all wants. Trade is duil, and common cows are hard things to get rid of. Quite a number have been sold at \$50 each, with very few at \$100, and one at \$100. At One-hundredth-st., D. Dayton sold 15 cows at \$50 \$500 per head, while 12 were sold by P. McCabe, at Chamberlia's, at an average of \$75 each, 4 common ones coing at \$70 per head.

VEAL CALVES—There is scarcely room to alter the figures or remarks of last week. Buttermilk, gass, and fed calves sell at 625c; ordinary to fair milk calves at \$20c, and good to prime at 2½ 19c., with a few choice Jerseys at 10½c.—five of 135 b. 16c; 13 State. 150 b., 10c; 11 of 142
